This is Stacey Castillo. I have been brought from FBOP Custody and placed here in the County Jail where the Sheriff's Office is for El Paso County. I was brought on Dec 9th. According to the paperwork I am here as a witness for a trial that no one has informed me of. I didn't ask to be a witness, it wasn't discussed with me and I refuse to be a witness. I tried to refuse this when the state came to get me. I am in FBOP custody being held in County as a witness. I have no charges and I am not sure if this is even legal. I don't know if you are the person to help me with this but I have met the District Attorney Bobby Bland as well. I am requesting to be placed back in Federal Custody and be removed as a witness or I refuse to be one for the government.
